Chapter 1 by Noor :*

The boy was sitting in Shiganshina one day, with Noor Salamah.

They were doing their favorite pass-time: Killing Titans.

As they did this together the brunet gazed deep into her eyes. "Oh, Noor Salamah , I have something very important to tell u."

"Yes, splenda-filled honeybunches of oats ?" she said, batting her eyes.

Yeagher said, "I hate you now!"

Then he took her arm and tore it off. Blood covered everything and there was screaming. Eren took her arm and started hitting her with it.

She exploded because she was a demon, but she was okay.

Yeagher walked away. "Cool guys don't look at explosions. Noor Salamah giggled.

The next day... Then our bloodthirsty gang knew what to do. They had to infiltrate Annie Leonhart's forbodding dungeons but in order to do so, they had to wear a disguise.

Yeagher thought long and hard about the best disguise. They couldn't be too obvious or threatening because then Annie's guards could catch them. But they couldn't look too mundane

because then Annie's guards would never let them in.

Now, they had to be clever.

So the teen, after a suggestion from Noor Salamah came up with the best idea he had: they would dress up in gothic clothing.

Eren's friends were a little skeptic at the idea, but they all agreed it was for the best. But where would they get the best gothic clothing to surprise the guards with?

Noor Salamah knew exactly the best store to go: TrampVamp.

So they all went there in the deep of the night and took out the patrolling store guards with their silenced cross bows, 'paw!' 'paw!'; leaving only a single red dot in their forehead the blond boy deactivated the alarm and so they could easily get into the store and take whatever they need in order to infiltrate Leonhart's headquarters

Eren Yeager put on nice tight studded leather pants. Then a black tanktop with My Chemical Romance's logo on the back and on top of it all a nice long leather coat with blood-red streaks on the side. Then he painted his nails black and used red blood to draw little drops of blood on there

Noor Salamah wore a short red skirt with long black stockings that had holes where the toes would go so she could still paint her toenails. And she also had a corset made from unicorns gut that looked so awesome on her. Over this all she had a long leather coat. The short boy also had cool clothes (A/N but I'm running out of imagination to describe it, so I guess he looked like Neo from the Matrix i know it's an old movie but those clothes look soooo cool

Finally they were ready to face Annie!

Now, how to find him? We know she has a castle, but theres so many!"

"Wait!"; said Noor Salamah "I have worked it out. Remember the secret note? Its a code to tell us the address! Look, see I solved it.

The solution was very clever, and it all made sense.

"Wow, I could have never worked that out, well done"

"Yes, well done indeed"

Noor Salamah blushed, making her look pretty.

So they went to the base.

As they entered there was lots of Thugs.

So they swung back their trenchcoats and murdercided them all with their concealed bow and arrows of awesome.

They stepped over the dead bodies and made their way forward past the blood and guts they

sprayed over the walls just moments before Sasha Blouse vomitted in disgust and blood came out

"Ok, she is sure to be in there" said Noor Salamah "Remember the correct elevator button. The elevator is on the top left" "What was a bang on the roof?" "Slow!" shouted Sasha Blouse And they did. Which is just as well, because seconds later,

The hatch opened and a couple of lackysss with lazerguns pirouetted down. "oh god! What are we going to do!?" said Armin Arlert

"We gota think fast" said the cyical boy.

"Ok"

"I know you dont like violence, Eren, But you have to do this. Do it for me. please.." Said Noor Salamah

Eren thought about all the people he had murdered recently because of his fate.

"Ok, your right, I know we have to fight them" said that Suicidal Bastard who did a massive mighty super kirate kick just as the first soldier landed

but it missed!. Fortunatly Noor Salamah was there to catch that Suicidal Bastard. And did a turbo ninja kick in return which knocked them unconscious. "Nice work. But its not over yet! Look!"

A massive golum appeared, but they killed him.

Ding! They had reached their floor.

"So you have come" said a voice booming from the sky A jump-jet appeared above them. The female titan laughed at them from it.

"Ha Ha Ha Ha"

"I could gun you all down from here with my webley revolver, but I would rather do this...personal style."

she leaped down and landed at the far side of the rooftop

"Ready?" she said, still laughing.

Eren removed his shirt and flexed his abs.

"Yes. I am ready. "

With that they leaped at eachother, metaphorical guns blazzing (which were littoral rayguns).

"I kill you dead" the female titan head butted Eren Yeager in the chest

Blood splashed onto the floor.

Eren fell backwards in pain punching a few times before crashing to the ground. "Ha Ha Ha Ha" laughed Annie Leonhart

"You could never have defeated me, so why did you even try?"

"I had to for all that is good and just in this world!" "Well now you will die. Goodbye"

Annie leaned over the brunet holding his head

Eren grabbed it and chucked it towards Annie. Annie threw it back towards Eren Yeager. The two weapons collided in the air. A massive explosion of light and sound erupted from the edge of the tall farmhouse they were on!

"Goodbye, the female titan have a nice fall!"

"ARrrrrggggg"

SPLAT!

Some blood sprayed up and splashed on them. "We are safe now, she fell to certain doom."

Armin Arlert and Jean got out from the bush where they were cuddleing. "Thank you, you saved us all"

"Dont mention it."

So they left the tower and went home. They lived happily ever after and had lots of kids.
